HISTORIC ENDANGERED PROPERTY FORM

An Endangered Places Program Initiative

Preservation South Carolina (PSC) is pleased to accept forms for endangered historic properties across the state. The purpose of this form is to identify vulnerable historic properties for potential investment, while advocating and encouraging for their preservation.

It is our mission to preserve and protect South Carolina's historic buildings and places, advocating for their productive use, and promoting the state's diverse cultural legacy.

Generally, our projects are listed in or eligible for listing in the National Register of Historic Places, although it is not required. Find information about historic buildings in the South Carolina Historic Properties Record and SC ArchSite. Contact the State Historic Preservation Office at the SCDAH if you have questions about National Register status at 803-896-6179 or 803-896-6182.

Forms are accepted on a rolling basis throughout the year. We will reply to your submission within 60 days.
